**DR. MICHAEL BYUN, M.D., S.C.  
CHICAGO COSMETIC SURGERY**

With offices in Chicago and Northbrook, IL, Dr. Michael Byun is recognized as one of the World's Premiere Facial and Reconstructive Plastic Surgeons and is an authority in the field of Facial Plastic Surgery. Dr. Byun introduced his Signature *Byun Mid Face Muscle Lift*® to North America over 2 decades ago at the American College of Surgeons in Orlando, Florida. He was the first surgeon ever to perform this unique surgery at Northwestern University in 1998. The concept of Dr Byun's facelift is to restore the natural, youthful disposition of the cheek by elevating the descended cheek pad through very small, hidden incisions using his own revolutionary designed Coapt Endotine® to reshape the central face. This approach gives the patient dramatic changes with much more natural looking results.

Dr. Byun is also on the forefront of all Breast, Body and Non-surgical procedures such as: Kybella, Ultherapy, CoolSculpting, EmSculpt and all injectable products as well.

Dr. Byun has been featured in numerous National and Regional publications and news media outlets including: Newsweek, 20/20, Chicago Magazine (Top Doctor's Annual Edition), NBC, ABC, FOX Chicago and many more!

Schedule a complimentary consultation today and see why patients from around the globe travel to experience the unique *Byun Mid Face Muscle Lift*®.
